PROFESSIONAL SUMMARY

Data Analyst with 15 years of experience in Accounting and Tax Governance, operating at the intersection of Accounting, Law, and Technology (Tax Tech). Experienced in applying Data Analytics to strengthen compliance frameworks, audit financial processes, recover tax credits, and mitigate regulatory risks in complex environments, including large-scale tax reforms.

Recognized for leading digital transformation initiatives within tax and finance departments, combining regulatory expertise (currently pursuing a Law degree with a focus on Tax Law) with advanced proficiency in Power BI, SQL, and Python. Skilled in developing Business Intelligence solutions that enhance governance structures, improve reporting accuracy, and increase operational efficiency.

CORE COMPETENCIES

Tax Governance & Compliance

- Tax Compliance & Regulatory Reporting
- Corporate Tax Planning
- Digital Tax Auditing & Data Cross-Checking
- Risk Mitigation & Administrative Defense
- Indirect and Direct Tax Frameworks
- Regulatory Impact Analysis
